## 1. Introduction

---

This Presenter's Manual is to be used for the Enterprise Application Development in Java course.

The student will learn the following modules in this course:

- Enterprise Application Development in Java EE
- Creating Services for the Web

After the completion of this course, students will be able to:

- Build and deploy enterprise applications using EJB
- Use Web services in Java Web Applications

## 2. General Information on Session Schedule

---

The table below shows the details of the modules, the number of hours being spent on each module along with a break-up of the hours being spent on each module.

A session is of two hours duration.

Refer to the respective module presenter's manuals to understand further details of each session.

### Module Wise Session Allocation

| Module                                        | Online Hrs. | Skill Code |
|-----------------------------------------------|-------------|------------|
| Enterprise Application Development in Java EE | 36          | 1342       |
| Creating Services for the Web                 | 12          | 1342       |
| <b>Total</b>                                  | <b>48</b>   |            |

### WEEK WISE SCHEDULE

| Topic\Week                                           |           | 1   | 2   | 3    | 4    | 5    | 6   |
|------------------------------------------------------|-----------|-----|-----|------|------|------|-----|
| <b>Enterprise Application Development in Java EE</b> | <b>D1</b> | TL1 | TL5 | TL9  | TL13 | TL17 |     |
|                                                      | <b>D2</b> | TL2 | TL6 | TL10 | TL14 | TL18 |     |
|                                                      | <b>D3</b> | TL3 | TL7 | TL11 | TL15 |      |     |
|                                                      | <b>D4</b> | TL4 | TL8 | TL12 | TL16 |      |     |
|                                                      |           |     |     |      |      |      |     |
|                                                      | <b>D1</b> |     |     |      |      |      | TL3 |
|                                                      | <b>D2</b> |     |     |      |      |      | TL4 |
|                                                      | <b>D3</b> |     |     |      |      | TL1  | TL5 |
|                                                      | <b>D4</b> |     |     |      |      | TL2  | TL6 |

Where,  
**D = Day, TL= Online Session**

### 3. Deliverables

The deliverables to be provided to the students and the trainers have been tabulated below:

#### ➤ Deliverables for Students:

| Module                                        | Deliverable                                                                         |
|-----------------------------------------------|-------------------------------------------------------------------------------------|
| Enterprise Application Development in Java EE | <b>Kit Code:</b> OV-1513-KIT01-01-B<br><b>Kit Name:</b> Kit of 2 titles for OV-1513 |
| Creating Services for the Web                 | Enterprise Dev Java                                                                 |

#### ➤ Deliverables for Trainer:

| Module                                        | Deliverable                                                                                                                                 |
|-----------------------------------------------|---------------------------------------------------------------------------------------------------------------------------------------------|
| Enterprise Application Development in Java EE | <b>Kit Code:</b> OV-1513-KIT01-01-B<br><b>Kit Name:</b> Kit of 2 titles for OV-1513                                                         |
| Creating Services for the Web                 | Enterprise Dev Java                                                                                                                         |
| <b>Course</b>                                 | <b>Master PM</b><br><b>Module PMs</b><br><b>Trainer Guide (wherever applicable)</b><br><b>Classroom Presentations (wherever applicable)</b> |

## **OnlineVarsity Deliverables**

Onlinevarsity is a digital content access and collaboration platform for Aptech students. The numerous interesting features of the platform will enhance learning experience of the students.

(Faculties can access eBooks and other components in Onlinevarsity through Aptrack.)

Resources available on OnlineVarsity (as applicable):

| Icons                                                                               | Feature - Description / Functionality                                                                                                                     |
|-------------------------------------------------------------------------------------|-----------------------------------------------------------------------------------------------------------------------------------------------------------|
|    | <b>Download eBook</b> - Student has the option to download the subject related e-book and read offline                                                    |
|    | <b>Glossary</b> - Student can access a list of subject related specialized words with their definitions.                                                  |
|    | <b>FAQ</b> - Student can access frequently asked questions and their answers                                                                              |
|    | <b>Practice 4 Me</b> - Student can test and evaluate their understanding of module related topics.                                                        |
|   | <b>Work Assignments</b> - Student can solve scenario-based lab assignments (Hands-on). The faculty will evaluate and give their feedbacks.                |
|  | <b>References</b> - Student can access additional subject related material for reading.                                                                   |
|  | <b>Feedback</b> - Student can provide feedback on the course material                                                                                     |
|  | <b>Ask to Learn</b> – Student can submit subject related technical queries. Queries submitted will be directed to the particular course coordinator/head. |

## 4. Evaluation Strategy

The Evaluation Strategy for this course is as follows:

- Final Examination (Objective)
- Practical Examination

### 4.1 Award of Grades

**Overall Weighted Marks  $\geq 40\%$  but  $< 60\%$  qualifies for **PASS****

**Overall Weighted Marks  $\geq 60\%$  but  $< 75\%$  qualifies for **CREDIT** and**

**Overall Weighted Marks  $\geq 75\%$  qualifies for **DISTINCTION****

**Note:** To attain a PASS/CREDIT/DISTINCTION grade, a student should achieve at least 40% in the Internal and Final Examination; otherwise he/she will be declared as 'Referred'.

### 4.2 Final Examination

Below is the list of modules to be covered in Final Examination along with their weightages:

#### Final Examination 1 (E1)

**Marks:** 50

**Duration:** 1 hour

**Type:** Objective

| S# | Name of the Subject                          | Marks |
|----|----------------------------------------------|-------|
| 1. | Enterprise Application Development using EJB | 30    |
| 2. | Creating Services for the Web                | 20    |

#### Final Examination 2 (R1)

**Marks:** 50

**Duration:** 2 hours

**Type:** Practical

| S# | Name of the Subject                          | Marks |
|----|----------------------------------------------|-------|
| 1. | Enterprise Application Development using EJB | 30    |
| 2. | Creating Services for the Web                | 20    |

### Evaluation Details

**OES-50%**

**Practical-50%**

## **5. Classroom and Lab Pre-requisites**

The requirements for conducting the sessions of this course have been described as follows:

### **5.1 Software Requirements**

Microsoft Windows 11  
MYSQL 8.0.30  
NetBeans IDE 17 or higher  
Jakarta EE 9.1,  
Java SDK 17 or higher, Jakarta Enterprise Beans 4.0,  
Eclipse 2021, Tomcat server 10.0 or higher

### **5.2 Recommended Hardware**

Intel Core i5/i7 Processor or higher  
8 GB or 16 GB RAM  
Color SVGA  
1 TB Hard Disk space  
Mouse  
Keyboard  
MS Project

### **5.3 Other Requirements (For Classroom)**

Computer for giving demonstrations wherever applicable  
LCD projector
