1.0	June 2024	New	-

Table of Contents

S#.	Details	Page No.
1.	Introduction	1
2.	Information on Module Allocation	2
3.	Week-wise Session Schedule	2
4.	Session Coverage	3
5.	Deliverables	7
6.	Library References	8
7.	Evaluation Strategy	8
8.	Classroom and Lab Pre-requisites	9

1. Introduction

At the end of this course, students will be able to:

- Define User Interface (UI) and User Interface design
- Describe the principles of User Interface Design
- Describe the types of User Interface Design
- Describe the models in User Interface Design
- Define Mobile User Interface
- Explain Color Theory
- Define User Experience (UX) and User Experience Design
- Describe the difference between UI and UX
- Describe different elements of UX Design
- Explain the significance of UX
- List and explain the principles of User Experience Design
- Describe the best practices in User Experience Design
- Describe the UX design process
- Distinguish between a good and bad UX design
- Define Responsive UI design
- Describe the evolution of RWD
- Describe the importance of Progressive Enhancement
- Outline the differences between Graceful Degradation and Progressive Enhancement
- Explain the RWD Workflow
- Describe the significance of RWD
- Explain the strategies for RWD in mobile phones, Android based devices, and laptops
- Describe necessity for content strategy in RWD
- Describe importance of content audit
- Explain performance optimization for a mobile-friendly site
- Explain differences between responsive and adaptive Website designs
- Use design best practices for Web accessibility
- Define Breakpoints
- Describe Navigation Drawers
- Describe Stacked Pagination
- Explain Fluid Images
- Define Bottom Bar and Top Bar
- Define Front Action Calls
- Explain the importance of usability studies
- List the steps for testing in usability studies
- Describe usability studies for Responsive Web Design
- Identify the usage of the Figma Tool
- List the steps to set up a Figma Account
- Explain the Figma interface
- Describe how to manage Figma Components
- Explain the process to create a first design in Figma
- Identify the UI sections of a Website
- Describe the Figma Auto Layout feature
- Define dynamic content in Figma
- Identify and build the components of Website
- Explain how to use Figma with HTML plugin

2. Information on Module Allocation

Module	Online Hours	Skill Code
UI and UX for Responsive Web Design	16	368

Module Deliverables available on OnlineVarsity

To aid the learning process, following are the deliverables

Student Deliverables:

1. Learner's Guide (eBook)

Resources available on OnlineVarsity for Students:

Icons	Feature - Description/Functionality
	Download Book - Student has the option to download the subject related e-book and read offline.
	Glossary - Student can access a list of subject related specialized words with their definitions.
	FAQ - Student can access frequently asked questions and their answers.
	Practice 4 Me - Student can test and evaluate their understanding of module related topics.
	Work Assignments - Student can solve scenario based lab assignments (Hands-on). The faculty will evaluate and give their feedbacks.
	References - Student can access additional subject related material for reading.
	Feedback - Student can provide feedback on the course material.
	Ask to Learn – Student can submit subject related technical queries. Queries submitted will be directed to the particular course coordinator/head.

3. Week-wise Session Schedule

- A session is of 2 hours duration.

Week	Day 1	Day 2	Day 3	Day 4
1	Session 1 UIUX – TL1	Session 2 UIUX –TL2	Session 3 UIUX – TL3	Session 4 UIUX – TL4
2	Session 5 UIUX – TL5	Session 6 UIUX – TL6	Session 7 UIUX – TL7	Session 8 UIUX – TL8

UIUX: UI and UX for Responsive Web Design
TL: Online Session

4. Session Coverage

Session No.	Session Title	Session Details	Deliverables' Mapping
1	UIUX – TL1	All the topics as listed below from Session 1 and Session 2 of <i>Elegant and Effective Web Design with UI and UX</i> book should be covered in this session. <u>Session 1 – Introduction to User Interface Design</u> ➤ Define User Interface (UI) and User Interface design ➤ List and explain different elements of User Interface Design ➤ Describe the principles of User Interface Design ➤ Describe the types of User Interface Design ➤ Explain the User Interface Design process ➤ Describe the models in User Interface Design ➤ Define Mobile User Interface ➤ Explain Color Theory ➤ Understand the concepts of Design Thinking ➤ Use the best practices in UI Design <u>Session 2 – Introduction to User Experience Design</u> ➤ Define User Experience (UX) and User Experience Design ➤ Describe the difference between UI and UX ➤ Describe different elements of UX Design ➤ Explain the significance of UX ➤ List and explain the principles of User Experience Design ➤ Describe the best practices in User Experience Design ➤ Describe the UX design process ➤ Distinguish between a good and bad UX design	<u>Elegant and Effective Web Design with UI and UX</u> SG – Session 1 & 2 XP – Session 1 & 2 TG – Session 1 & 2

Session No.	Session Title	Session Details	Deliverables' Mapping
2	UIUX – TL2	All the topics as listed below from Session 3 of <i>Elegant and Effective Web Design with UI and UX</i> book should be covered in this session. <u>Session 3 – Understanding Responsive Web Design</u> ➤ Define Responsive UI design ➤ Describe the evolution of RWD ➤ Describe the importance of Progressive Enhancement ➤ Outline the differences between Graceful Degradation and Progressive Enhancement ➤ Explain the RWD Workflow ➤ Describe the significance of RWD	<u>Elegant and Effective Website Design with UI and UX</u> SG – Session 3 XP – Session 3 TG – Session 3
3	UIUX – TL3	All the topics as listed below from Session 4 of <i>Elegant and Effective Web Design with UI and UX</i> book should be covered in this session. <u>Session 4 – Understanding Strategies for Responsive Web Design</u> ➤ Explain the strategies for RWD in mobile phones, Android based devices, and laptops ➤ Describe necessity for content strategy in RWD ➤ Describe importance of content audit ➤ Explain performance optimization for a mobile-friendly site ➤ Explain differences between responsive and adaptive Website designs ➤ Understand concept of Web accessibility ➤ Use design best practices for Web accessibility	<u>Elegant and Effective Website Design with UI and UX</u> SG – Session 4 XP – Session 4 TG – Session 4
4	UIUX – TL4	All the topics as listed below from Session 5 of <i>Elegant and Effective Web Design with UI and UX</i> book should be covered in this session.	<u>Elegant and Effective Website Design with UI and UX</u>

Session No.	Session Title	Session Details	Deliverables' Mapping
		<u>Session 5 – Using Common RWD Patterns in Mobile Designs</u> ➤ Define Breakpoints ➤ Describe Navigation Drawers ➤ Describe Stacked Pagination ➤ Explain Fluid Images ➤ Define Bottom Bar ➤ Describe Top Bar ➤ Define Front Action Calls ➤ Explain Short and Simple Menus	SG – Session 5 XP – Session 5 TG – Session 5
5	UIUX – TL5	All the topics as listed below from Session 6 of <i>Elegant and Effective Web Design with UI and UX</i> book should be covered in this session. <u>Session 6 – Usability Studies in Responsive Web Design</u> ➤ Describe usability studies ➤ Explain the importance of usability studies ➤ List the steps for testing in usability studies Describe usability studies for Responsive Web Design	<u>Elegant and Effective Website Design with UI and UX</u> SG – Session 6 XP – Session 6 TG – Session 6
6	UIUX – TL6	All the topics as listed below from Session 7 of <i>Elegant and Effective Web Design with UI and UX</i> book should be covered in this session. <u>Session 7 – Understanding the Figma Tool</u> ➤ Identify the usage of the Figma Tool ➤ List the steps to set up a Figma Account ➤ Explain the Figma interface ➤ Describe how to manage Figma Components ➤ Explain the process to create a first design in Figma	<u>Elegant and Effective Website Design with UI and UX</u> SG – Session 7 XP – Session 7 TG – Session 7
7	UIUX – TL7	All the topics as listed below from Session 8 of <i>Elegant and Effective Web Design with UI and UX</i> book should be covered in this session.	<u>Elegant and Effective Website Design with UI and UX</u> SG – Session 8

Session No.	Session Title	Session Details	Deliverables' Mapping
		<u>Session 8 – Designing Websites with Figma Tool</u> ➤ Identify the UI sections of a Website ➤ Describe the Figma Auto Layout feature ➤ Define dynamic content in Figma ➤ Identify and build the components of Website ➤ Explain how to use Figma with HTML plugin ➤ Explain prototypes	XP – Session 8 TG – Session 8
8	UIUX – TL8	All the Lab topics from Session 7 and Session 8 of <i>Elegant and Effective Web Design with UI and UX</i> book should be covered in this session.	<u>Elegant and Effective Website Design with UI and UX</u> Session 7 & 8

5. Deliverables

The deliverables to be provided to the students and the faculty have been tabulated below:

➤ Deliverables for Student:

Module	Deliverable
UI and UX for Responsive Web Design	Kit Code: OV-1527-KIT01-01-A Kit Name: Kit of 1 title for OV-1527 UIUX for Responsive Web Design

Deliverables for Faculty:

Module	Deliverable
UI and UX for Responsive Web Design	Kit Code: OV-1527-KIT01-01-A Kit Name: Kit of 1 title for OV-1527 UIUX for Responsive Web Design
Course	Classroom Presentations Trainer Guide Master PM

6. Library References

➤ Learning Responsive Web Design by Clarissa Peterson
➤ The Essential Guide to User Interface Design: An Introduction to GUI Design Principles and Techniques by Wilbert O Galitz
➤ Designing in Figma-The complete guide to designing with reusable components and styles in Figma by Eugene Fedorenko

7. Evaluation Strategy

The Evaluation Strategy for this course is as follows:

- Final Examination

7.1 Award of Grades

Overall Weighted Marks > = 40% but < 60% qualifies for **PASS**
Overall Weighted Marks > = 60% but < 75% qualifies for **CREDIT** and
Overall Weighted Marks > = 75% qualifies for **DISTINCTION**

Note: To attain a PASS/CREDIT/DISTINCTION grade, a student should achieve at least 40% in Final Examination; otherwise he/she will be declared as 'Referred'.

7.2 Final Examination

Below is the list of modules to be covered in Final Examination along with their weightages:

Final Examination (E1)

Marks: 50

Duration: 60 minutes

Type: Objective

Sr. No.	Name of the Subject	Distribution of Marks
1.	UI and UX for Responsive Web Design	50

Evaluation Details

OES – 100%

8. Classroom and Lab Pre-requisites

The requirements for conducting the module of this course have been described as follows:

8.1 Software Requirements

Microsoft Windows 11
Figma Toolkit

8.2 Recommended Hardware

Intel Core i3/i5 Processor or higher
8 GB RAM or above
Color SVGA
500 GB Hard Disk space
Mouse
Keyboard

8.3 Other Requirements (For Classroom)

Computer for giving demonstrations wherever applicable
LCD projector
